Attached is the Long Term Pavement Performance (LTPP) Program Directive GO-66, which provides direction on a feature needed for digital cameras used to take test section photographs. This directive supersedes GO-24. The regions should utilize the directive as appropriate. Please ensure that all personnel involved are aware of this new directive.

Should you have any questions or would like to discuss this directive, please do not hesitate to contact me at 202-493-3144.
