

# Memorandum

Federal Highway Administration  
Pavement Performance Division

6300 Georgetown Pike  
McLean, Virginia 22101-2296

Subject: ACTION: LTPP Directive TDP-24  
Upgrade of Traffic QC Software to Version 1.61

Date: November 6, 2001

From: Larry Wisner  
Long Term Pavement Performance Team

Reply to  
Attn of: HRDI-13

To: LTPP North Atlantic Regional Contract  
LTPP Western Regional Contract  
LTPP Southern Regional Contract  
LTPP North Central Regional Contract

Traffic QC software version 1.61 is being distributed for immediate implementation. This version replaces all 1.5x versions and interim versions 1.6 and 1.61 that have been provided via directive or to address specific regional problems. A copy of the *revised LTPP Traffic QC Software, Volume 1: Users Guide* is also being distributed for immediate replacement of the previous version of the document dated December 4, 2000.

If you have any questions concerning this transmittal, please do not hesitate to call me at (202) 493-3079.

# LONG TERM PAVEMENT PERFORMANCE PROGRAM DIRECTIVE

*For the Technical Direction of the LTPP Program*

Program Area:	Traffic	Directive Number:	TDP-24
Date:	November 16, 2001	Supersedes:	TDP-22
Subject:	Upgrade of Traffic QC Software to Version 1.61		

---

Version 1.61 of the Traffic QC software is being forwarded separately for installation and immediate implementation. The software is installed by unzipping the file received and copying it over all existing copies of the Traffic QC software being used.

The principal change in this software is the QC cover sheet that has been added to the original design. It has been modified from the form in which was originally issued to report all statistics by lane and direction.

The modifications to the software since the issuing version 1.5 affect the following sections of the LTPP Traffic QC Software Volume 1: Users Guide: 3.5, 3.8, G.9, and N. In addition to these changes comments reflecting deficiencies in previous versions of the software have been removed. As a result a new manual, LTPP Traffic QC Software Volume 1: Users Guide dated November 1, 2001 is being issued as a replacement for the same document for version 1.5 dated December 4, 2000. Copies of the new document should be provided to all affected personnel and the original document removed from circulation.
