# LONG TERM PAVEMENT PERFORMANCE PROGRAM DIRECTIVE

*For the Technical Direction of the LTPP Program*

---

**Program Area:** Traffic

**Directive Number:** TDP-29

**Date:** June 26, 2003

**Supersedes:** TDP-24 ✓

**Subject:** *Release of LTPP Traffic QC Software Version 1.6.2*

---

## **Purpose**

This directive details the update of the LTPP Traffic QC Software Version 1.6.2.

## **Changes**

Version 1.6.2 addresses Software Performance Reports (SPRs) 1-114 and 4-426 on file mangling while applying purges through the PRF function of the traffic QC software.

## **Distribution and Installation of New Software**

The update is being sent via e-mail for immediate installation. When the file is unzipped, the extracted executable is to be copied over the existing executable on every machine that runs the traffic QC software.

As the changes to the software are internal and do not affect the processing flow, there are no revisions to the existing manual. It should continue to be used.
