Attached is the Long Term Pavement Performance (LTPP) Program Directive TDP-37. This directive authorizes implementation of the LTPP Traffic QC Software version 1.6.3. Please make sure that all personnel involved with the traffic data activities are aware of this new directive.

Should you have any questions or would like to discuss this directive, please do not hesitate to call me at 202-493-3068.

Attachment (1)

# LONG TERM PAVEMENT PERFORMANCE PROGRAM DIRECTIVE

*For the Technical Direction of the LTPP Program*

---

<b>Program Area:</b>	Traffic	<b>Directive Number:</b>	TDP-37
<b>Date:</b>	October 4, 2004	<b>Supersedes:</b>	TDP-29
<b>Subject:</b>	<i>Release of LTPP Traffic QC Software Version 1.6.3</i>		

---

## **Purpose**

This directive discusses the update of the LTPP Traffic QC Software from version 1.6.2 to 1.6.3.

## **Changes**

Version 1.6.3 addresses the purging recommendations that were not selected by the user through the PRF function of the software. In addition, some minor QC report modifications were made such as fixing misaligned columns and correctly reporting all failed records.

## **Distribution and Installation of New Software**

The updated software is available via the Operations Center at [www.ltp.org](http://www.ltp.org) for immediate installation. When the file is unzipped, the extracted executable is to be copied over the existing executable on every machine that runs the software.

## **Manual Revisions**

The revised manual dated 1 October 2004 is posted on the Technical Support Services Contractor's (TSSC's) corporate FTP site until Monday, October 18, 2004. Additional copies of the manual needed after this date must be requested through LTPP Customer Support.

Prepared by: TSSC
