# LONG TERM PAVEMENT PERFORMANCE PROGRAM DIRECTIVE

*For the Technical Direction of the LTPP Program*

Program Area: General Operations

Directive Number: GO-51

Date: November 22, 2011

Supersedes: Portion of GO-48

Subject: AIMS Submission Date

---

This directive provides a revised submission date for files included in the Ancillary Information Management System (AIMS) from the Long-Term Pavement Performance (LTPP) Regional Support Contractors (RSC) to the LTPP FHWA Customer Support Center. The final full upload of AIMS data using an external hard drive as the transfer media should arrive at Turner-Fairbanks Highway Center on or before December 30, 2011.

After this date, the RSC should store new AIMS files on their local computers in a manner that will allow them to easily be identified for addition to the new central AIMS repository when it becomes available on the LTPP Data Entry Portal (LDEP).
