Program Area: Information Management System

Directive Number: IMS-4

Date: February 3, 1993

Subject: Schedule of Changes to the IMS Tables

This Information Management System (IMS) Directive No. IMS-4 provides the schedule for updates to the EXPERIMENT_SECTION and REFERENCE tables during the data transfer activities in preparation for the fifth release of data from the IMS.

The deadline for submitting requests to FHWA for any changes to the above two tables, to be included in the fifth data release, is February 12, 1993. The regional contractors will continue entering the approved changes in the tables until March 15. No changes are made to the EXPERIMENT_SECTION and REFERENCE tables from March 15 to May 14.

After May 14, when data transfer for the fifth release is completed, the regional contractors resume entering approved changes in the tables.

The EXPERIMENT_SECTION and REFERENCE tables are to be submitted to TRB, along with the Materials Testing Module, by March 26, 1993.

The process of submitting requests for changes to these tables, as outlined in IMS Directive 3, is unchanged.
