Attached is the Long-Term Pavement Performance (LTPP) Program Directive IMS-138: Deletion of Data for Rejected Section 32_B420 from the LTPP Database. This is the fifth directive that addresses the issue of rejected sections and removal of all associated records from the database. Directives I-91, I-75, I-69, and I-105 addressed this topic for different sets of sections. The Western Regions is being instructed to remove all records associated with this data from the IMS and to consolidate all raw data pending a decision on its disposition. Please ensure that all personnel involved with the IMS are aware of this new directive.

Should you have any questions or would like to discuss this directive, please do not hesitate to contact me at 202-493-3149.

LONG TERM PAVEMENT PERFORMANCE PROGRAM DIRECTIVE

For the Technical Direction of the LTPP Program

Program Area: IMS Directive Number: I- 138
Date: February 19, 2008 Supersedes: NA
Subject: **Deletion of Data for Rejected Section 32_B420 from the
LTPP Database**

Data for test section 32_B420 and associated records for 32_B400 shall be deleted from the database under the terms of IMS Directive I-58: Deletion of Obsolete or Rejected LTPP Data. This action is being taken due to insufficient basic information on this section to make it useful for analysis. All data associated with this site are to be removed from the database by the Western Region Contractor by the August 2008 upload.
