

LONG-TERM PAVEMENT PERFORMANCE PROGRAM DIRECTIVE

For the Technical Direction of the LTPP Program

Program Area: Information Management System

Directive Number: IMS-14

Date: February 2, 1994

Subject: LTPP IMS Version 6.3

This directive is to provide version 6.3 of the LTPP IMS software. Attached are Software Change Notice No. 32, instructions for installation, and the diskettes for applying this upgrade.

The major changes in this version include: new resilient modulus QA checks; revised distress QA checks; new TST_AG05 table, forms, and QA checks; FWD filter change to include additional lane specifications; and revised and new filter for resilient modulus (P07) per new specifications.

A separate diskette has been provided by Penny Passikoff (for all regions except Southern) containing data and instructions for updating the EXPERIMENT_SECTION and REFERENCE tables.

These updates are to be applied as soon as possible and the Software Change Notice filed in the Operator's Log.

Approving Official
Paul Teng, Chief LTPP Division
