LONG TERM PAVEMENT PERFORMANCE PROGRAM DIRECTIVE

For the Technical Direction of the LTPP Program

Program Area: IMS Directive Number: I-144
Date: May 18, 2009 Supersedes: NA
Subject: Deletion of Data for Rejected Sections 13_0501 and 13_0567
from LTPP Databases

Test sections 13_0501 and 13_0567 are being assigned a rejected status in the LTPP program due to insufficient performance history to make it useful for analysis. This requires that all data, records, and information be removed from the various LTPP databases for this section. The terms of IMS Directive I-58: Deletion of Obsolete or Rejected LTPP Data shall be used as a guide for removal of this data.

The Southern Regional Contractor is responsible for the following actions:

- Removal of records and data from the regional pavement performance and traffic databases prior to the July 2009 upload.
- Review and correction of information in all other tables in the regional databases which reference data from sections 13_0501 and 13_0567, such as the entries in SPS_PROJECT_STATIONS table, prior to the July 2009 upload.
- Removal of all files and folders for this test section contained in the 2009 Ancillary Information Management System (AIMS) upload, and all future AIMS uploads.
