McLean, Virginia 22101-2296

Subject: ACTION: LTPP Directive I-65
Implementation of Modified QC Range Checks to
Resistance/Resistivity Data in SMP Tables

December 4, 1998

From: Monte Symons
Pavement Performance Division

Reply to
Attn of: HNR-30

To: Dr. Frank Meyer - LTPP North Atlantic Regional Contract
Mr. Doug Frith - LTPP Western Regional Contract
Mr. Mark Gardner - LTPP Southern Regional Contract
Mr. Tom Wilson - LTPP North Central Regional Contract

Attached please find LTPP Directive I-65: Implementation of Modified QC Range Checks to Resistance/ Resistivity Data in SMP Tables, which transmits instructions for the RCOCs to implement modified QC range checks to resistance/resistivity data in the IMS SMP tables. The RCOCs will receive IMS version 2.2 which will reset record status to proper level in related SMP tables. The RCOCs shall then perform the SMP QC checks following standard IMS practice. The modified QC checks will identify erroneous data and flag it for the RCOCs to take appropriate action. This effort is to be completed in time for the December 18, 1998 SMP upload.

Any technical questions associated with this effort should be addressed to Haiping Zhou, 702-825-5885 or Rick Cale 423-481-2198.

Please call me at (703) 285-2730 if you have questions about this transmittal.

Monte Symons
