Project Name/Location: PA LTPP Milesburg, Pa

Job Description: Check Modem Operations

Work Completed: Arrived on site. Found Electronics, the modem had power but was not transmitting or receiving data. I reset the power on the modem twice but it would not transmit or receive. Spoke to Ed Duffy and the belief was perhaps the issue is on the Verizon side. I contacted Joni Sharp at Penndot and advised her of the situation. She advised me she would start a service ticket but it would probably take two to three days to hear anything. I contacted Cindy Ireland and updated her. I then downloaded the data from the site, verified operation and started home.
