

2014 T&DI/ASCE-LTPP International Data Analysis Contest

The International Data Analysis Contest is a joint effort between the Federal Highway Administration (FHWA), the Long-Term Pavement Performance (LTPP) Program, and the Task Committee on the Long-Term Pavement Performance Contest, a subcommittee of the Highway Pavement Committee of the Transportation & Development Institute (T&DI) of the American Society of Civil Engineers (ASCE). The contest is designed to encourage university students, professors, and highway agency engineers from around the world to get involved in using the LTPP database. Below you will find this year's contest theme and timeline. **Please visit the ASCE Web site at www.asce.org/tdi to get a full copy of the 2014 Contest Guidelines.** We look forward to your participation in this year's contest.
