CELL 96
50 - 100 ft

The diagram illustrates two cross-sectional views of a roadway or bridge deck, overlaid on a grid. The horizontal axis represents stationing from 0' to 50', with labels every 10 feet (0', 10', 20', 30', 40', 50').

- Top Section:** Shows a 12' Driving Lane. A dashed line indicates the Center Line (CL). There are 4' shoulders on both sides. A red circle is drawn around a feature at approximately station 28', and a green 'H' is marked next to it.
- Bottom Section:** Shows a similar layout but includes a 2' spill area (L) marked with a green 'M' at approximately station 28'. The overall width is 12'.
